

GREATER YELLOWSTONE COORDINATING COMMITTEE

2015 Selected Projects

Project Type	2015 Amount	Submitted by / Location
Sustainable Operations Total \$11,000		
Alternative Fuels Feasibility Study and Implementation Plan	\$11,000	SOS Committee / Grand Teton and Yellowstone NP
Ecosystem Health: Aquatic Invasive Species Total \$67,300		
GYE Aquatic Surveying Database Development	\$5,000	AIS Committee / GYA
Regional Motorized Watercraft Management Assessment	\$5,000	AIS Committee
Investigation of aquatic invasive species in GYA pristine waters Phase 2	\$22,800	AIS Committee / pilot in GTNP, YNP, and Bridger-Teton NF
AIS Disinfecting Equipment	\$14,000	AIS Committee / Beaverhead-Deerlodge and Custer Gallatin NFs
Installation of fishing boot cleaning stations	\$15,000	AIS Committee / GYA
Response planning for AIS introduction in the GYA	\$5,500	AIS Committee / GYA
Ecosystem Health: Terrestrial Invasive Species Total \$23,500		
GYE EDRR Weed Mapping and Database Support	\$4,000	Terrestrial Invasives Committee /GYA
Coordinated Weed Action Day	\$10,000	Terrestrial Invasives Committee /GYA
EDRR Prioritization and Cooperative Surveys in the GYE	\$4,500	Terrestrial Invasives Committee
Weed Biological Control Agent Presence/ Absence Monitoring and Distribution Mapping for GYE	\$3,000	Terrestrial Invasives Committee
All Taxa Invasive Species Outreach and Education Campaign	\$2,000	Terrestrial Invasives Committee
Ecosystem Health: Whitebark Pine Total \$59,800		
Greater Yellowstone Grand Teton Tree Improvement Collect plus tree cones, pollen, scion, aeciospores	\$14,400	Whitebark Pine Committee / GYA
Operational seed collection across GYA	\$20,000	Whitebark Pine Committee / GYA
Whitebark Pine Planting: 63,000 seedlings over 315 acres on 3 Forests	\$20,000	Whitebark Pine Committee /Gallatin, Bridger-Teton, Beaverhead-Deerlodge NFs
Whitebark Pine Strategy Data Support	\$5,400	Whitebark Pine Committee / GYA

GREATER YELLOWSTONE COORDINATING COMMITTEE

2015 Selected Projects

Project Type	2015 Amount	Submitted by / Location
Ecosystem Health: Wildlife Total \$52,000		
Campground Wildlife Mitigation	\$15,000	Wildlife Committee / GYA
GYE-wide bear-management; Forest Service campground infrastructure	\$25,000	GYA via Caribou-Targhee NF
Boreal Toad Genetics and Chytrid Infection Analysis.	\$12,000	Bridger-Teton NF
Understanding the Responses of Wolverines to Winter Recreation	Funded elsewhere	Caribou-Targhee NF
Grizzly Bear Use of Forest Successional Stages	Funded elsewhere	Caribou-Targhee NF
Ecosystem Health: Water Quality and Flow Total \$26,600		
Identify and Develop Watershed action plans for priority watersheds in the GYA	\$15,000	GY Hydrologists / GYA
Wind River Glacial Analysis	\$11,600	GY Hydrologists / Shoshone NF
Ecosystem Health: Climate Change Adaptation Total \$4,500		
Northern Rockies Adaptation Partnership – GYA workshop support	\$4,500	Climate Change Team / GYA
