

2014
GYCC Selected Projects

Project Type	2014 Amount	Submitted by / Location
Tier 1		
Sustainable Operations Total \$29,800		
Propane Cylinder Recycling Partnership Development	\$5,500	SOS Committee / GYA
Water Filling Stations	\$5,350	SOS Committee / Custer, Caribou-Targhee NFs
Bear-Proof Recycling	\$3,950	Bridger-Teton NF
Historic Window Replacement	\$15,000	SOS Committee / Beaverhead-Deerlodge NF
Ecosystem Health: Aquatic Invasive Species Total \$34,300		
GYE Aquatic Surveying Database	\$5,000	AIS Committee / GYA
Integrated GYA AIS Communication and Response Planning	\$10,500	AIS Committee / GYA
Investigation of aquatic invasive species in GYA pristine waters.	\$18,800	AIS Committee / pilot in GTNP, YNP, and Bridger-Teton NF
Ecosystem Health: Terrestrial Invasive Species Total \$21,000		
GYA EDRR Weed Mapping and Database Support	\$6,000	Terrestrial Invasives Committee /GYA
GYA Education Publications / Printing	\$5,000	Terrestrial Invasives Committee /GYA
Cooperative Weed Control Project	\$5,000	Terrestrial Invasives Committee /GYA
Rush Skeletonweed unmanned aerial vehicle (UAV) mapping in the Big Desert	\$5,000	TIS Committee / BLM Idaho
Ecosystem Health: Native Fisheries Total \$34,250		
Upper Boulder River Yellowstone Cutthroat Trout Population Restoration	\$15,000	Gallatin NF
GYA Continued Stream Temperature Monitoring	\$19,250	Fisheries Committee/ GYA
Ecosystem Health: Whitebark Pine Total \$34,450		
Greater Yellowstone Grand Teton Tree Improvement Collect plus tree cones, pollen, scion, aeciospores	\$14,450	Whitebark Pine Committee / GYA
Whitebark Pine Planting: Plant 124,000 seedlings over 1,200 acres on 5 Forests and BLM Dillon.	\$20,000	Whitebark Pine Committee / Shoshone, Gallatin, Caribou-Targhee, Beaverhead-Deerlodge NFs, BLM Dillon
Ecosystem Health: Wildlife Total \$51,500		
Species on the Brink Report	\$4,000	Wildlife Committee / GYA
Campground Wildlife Mitigation	\$11,000	Wildlife Committee / GYA
Grizzly Bear Use of Forest Successional Stages	\$21,500	Caribou-Targhee NF
Wyoming Atlas of Wildlife Migration	\$15,000	Bridger-Teton & Shoshone NFs/ Wyoming

Project Type	2014 Amount	Submitted by / Location
--------------	-------------	-------------------------

Ecosystem Health: Water Quality and Flow Total \$15,000		
Prioritize Watersheds for Targeted Improvement	\$5,000	GY Hydrologists / GYA
Develop and Implement Watershed Action Plans	\$10,000	GY Hydrologists / GYA

Tier 2

Ecosystem Health: Climate Change Adaptation Total \$28,700		
Melting Snow and Ice at the Crossroads of Culture and Climate Change. Phases 2 and 3.	\$24,200	Custer NF / GYA
Establish and Implement GYA Glacier Monitoring	\$4,500	Grand Teton NP pilot

Connect People to Land Total \$8,000		
Wild Connections - Expanding Constituency for Wilderness in Western Wyoming.	\$5,000	Bridger-Teton NF / Southern GYA
Bear Creek Natural Resources Field Camp	\$3,000	Gallatin NF / Gallatin and Beaverhead-Deerlodge NFs
